Phone: +995 591 25 53 09

Front End Developer

I am a self-taught front-end developer, seeking work opportunities to gain experience and develop myself. I am highly motivated to learn and improve my coding skills to write clean, elegant, and efficient code.

SKILLS

Strong: Responsive web design, html5, css3, bootstrap4, css animations

Medium: react, node.js, jquery, javascript, Sass, adobe photoshop, adobe illustrator

PORTFOLIO: <https://narozashvililevani.github.io/portfolio>

Projects You can see all my projects on the portfolio page. I have built all of them from scratch for learning purposes.

- <https://techshopreactapp.herokuapp.com> Ecommerce app with shopping cart functionality (node.js, express, MongoDB, react)
- <https://narozashvililevani.github.io/portfolio/projects/site-red/index.html> Responsive website with best practices.
- <https://narozashvililevani.github.io/portfolio/projects/business/index.html> Responsive website with animations, without libraries and frameworks.
- <https://narozashvililevani.github.io/portfolio/projects/ball-game/index.html> Small js game
- <https://narozashvililevani.github.io/portfolio/projects/dices-game/index.html> Small js game
